 2. Play video games on the smallest available television screen.
 3. Do not play if you are tired or need sleep.
 4. Play in a well-lit room.
 5. Take a 10 to 15 minute break every hour.

- Avoid excessive play. It is recommended that parents monitor their children for appropriate play.
- Take a 10 to 15 minute break every hour, even if you don't think you need it.

If battery leakage occurs, avoid contact with skin. If contact occurs, immediately wash thoroughly with soap and water. If liquid leaking from a battery pack comes into contact with your eyes, immediately flush thoroughly with water and see a doctor.

To avoid battery leakage:

Welcome to the Expedition!

Welcome to *Amazing Adventures The Forgotten Ruins*,™ a journey of ancient secrets and dangerous intrigue! You, a famed archaeologist, have discovered a mysterious Mayan glyph that holds the key to a long-lost Mayan temple. A prestigious museum has agreed to finance your expedition to find it, but you must be on your guard: there are others who want you to fail in your quest!

As you travel with a Museum intern, you'll visit exotic temples, jungles and other locales. You must find hidden objects and clues in each place, solve puzzles, and gather information for your journal. Along the way, you'll meet others who take an interest in your search — a greedy rival who wants to profit from the temple's relics, and villagers who could either help you or stand in your way. Whom should you trust?

Each clue you uncover takes you farther down the trail, but only your sharp mind, eye for detail, and puzzle-solving skills can unearth the true secrets of these forgotten Mayan ruins!

Create Your Profile

To start the game, turn off the device, insert the game cartridge, then turn on the device.

The first time you play, you must create a profile. Later on, you can create other profiles (or change to a different a profile) by tapping Change Player on the Main Menu (see page 7).

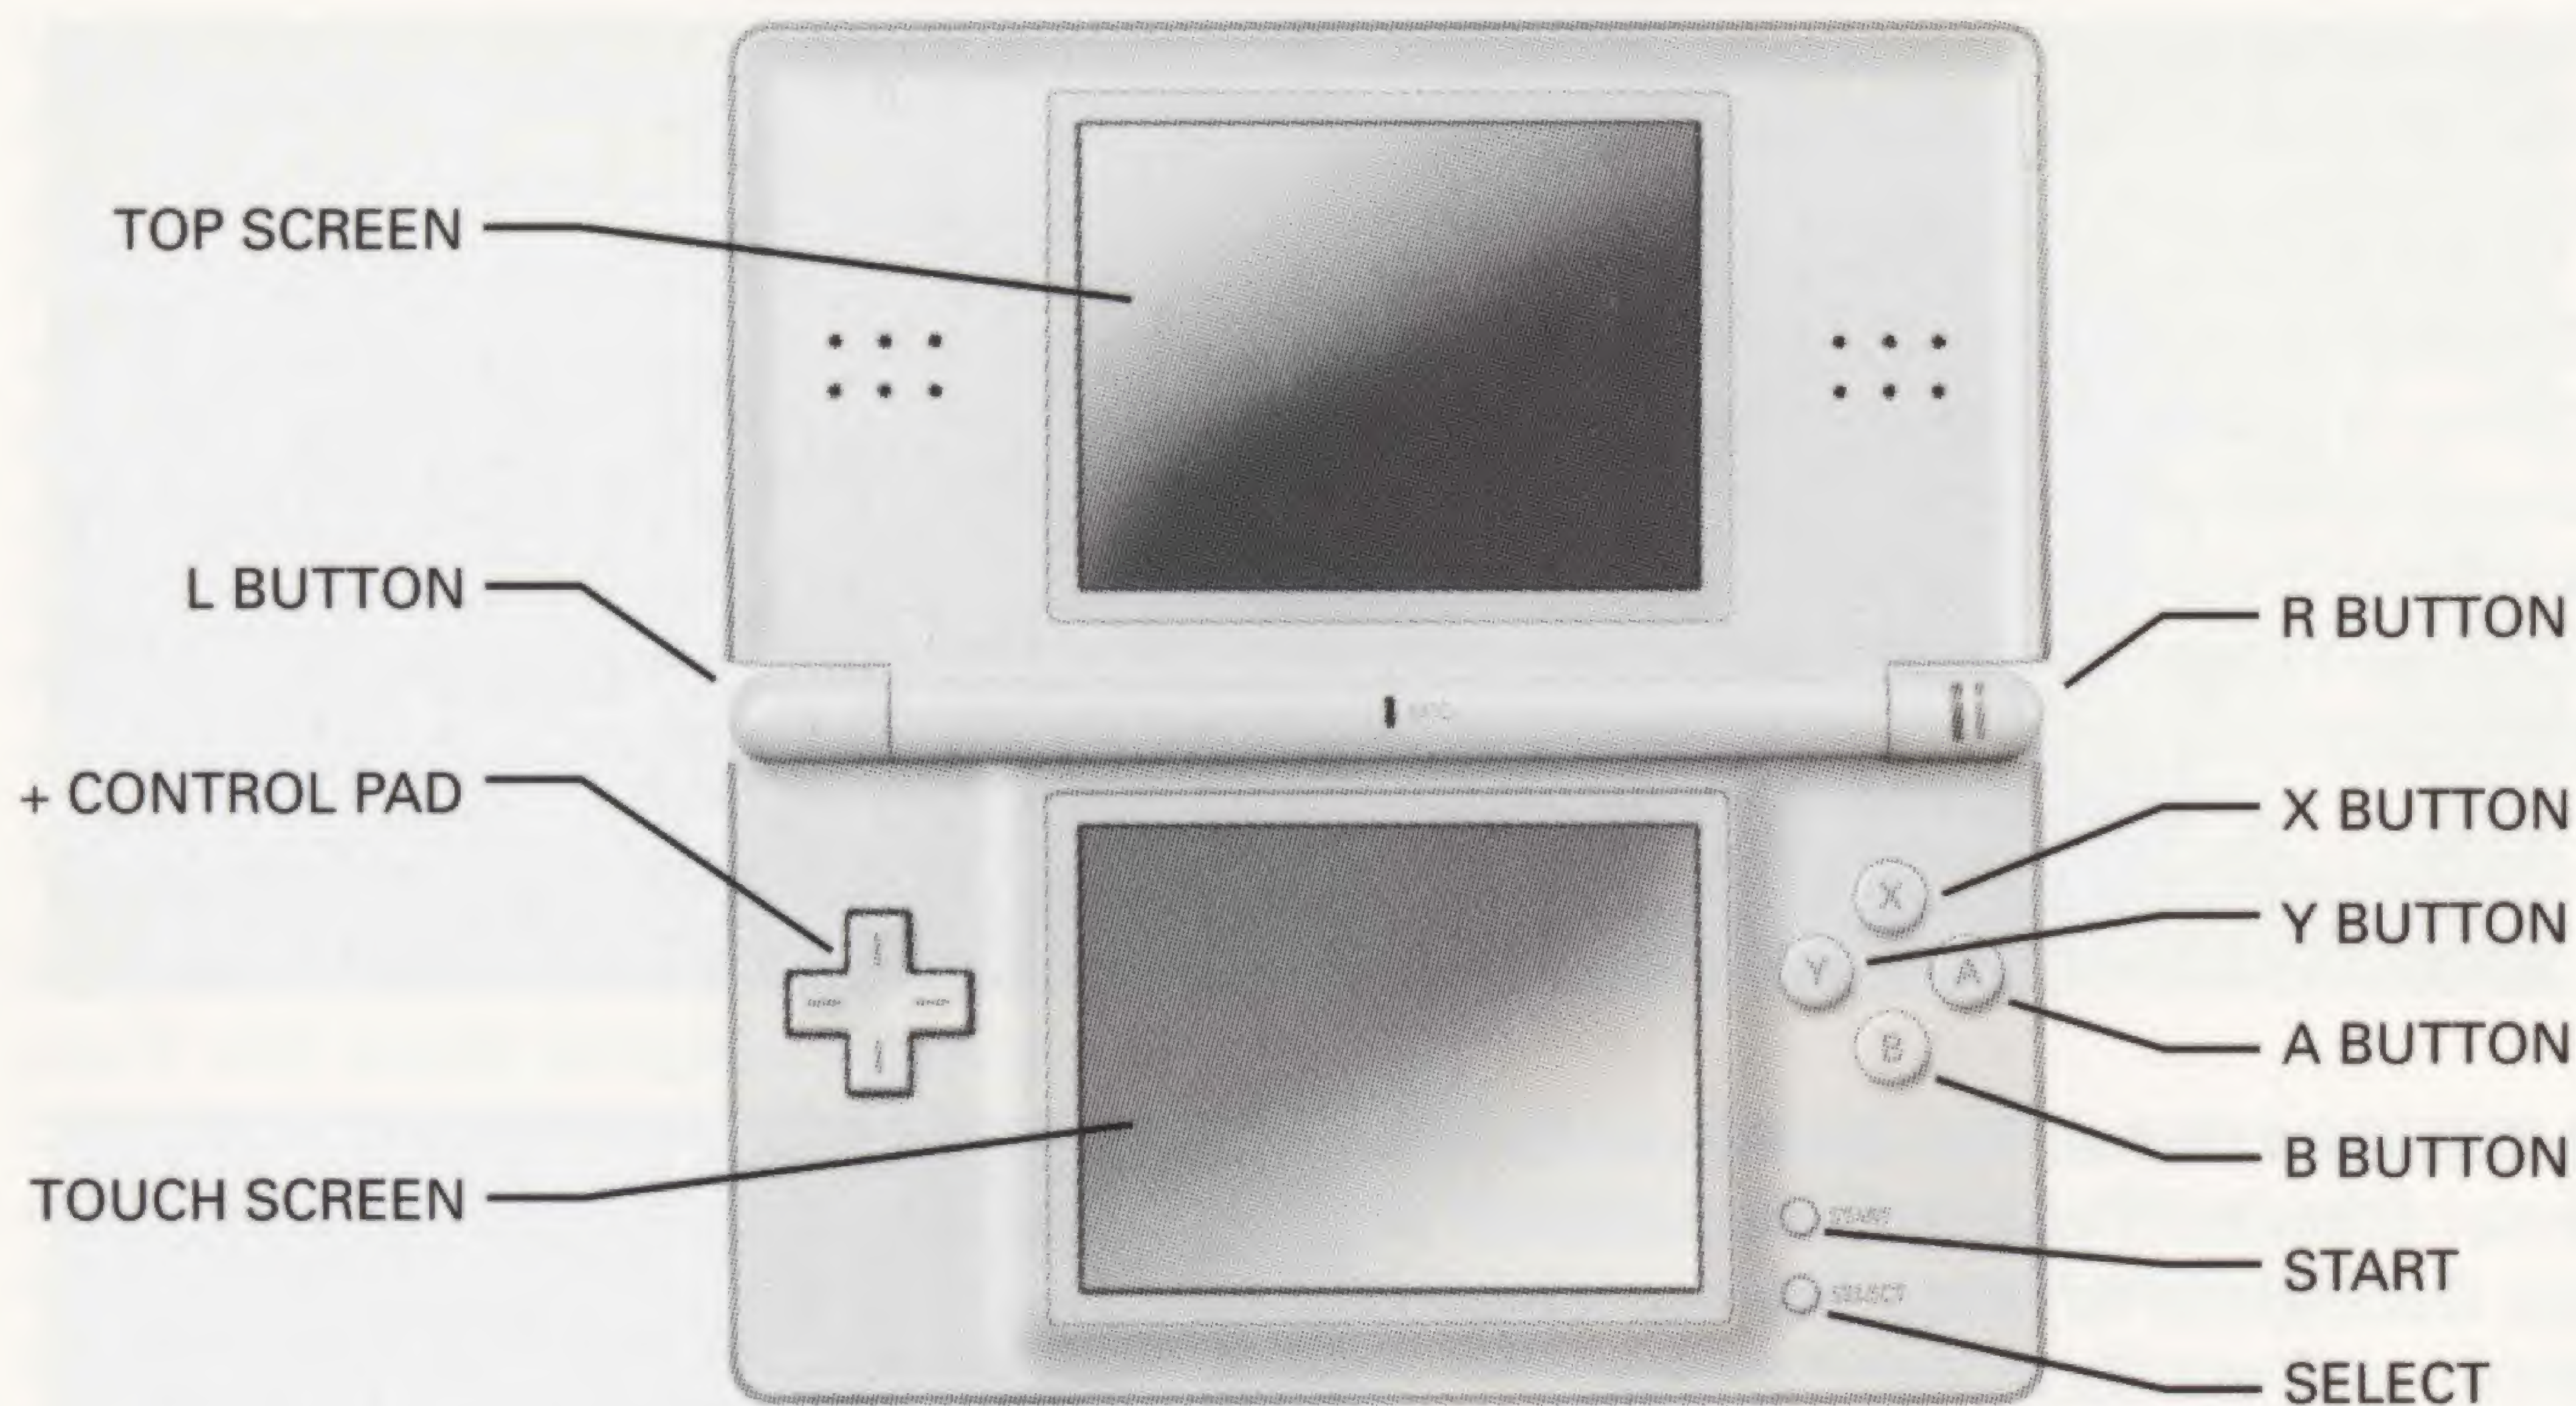

1. Create a name. Tap the letters to enter a name. If you make a mistake, tap Backspace to erase the last letter. When you are done, tap Confirm.

2. Choose an identity. Select a picture that best represents you or your favorite adventurer.

HOW TO USE THE STYLUS AND CONTROLS TO SELECT AND SCROLL

To select options and objects, *tap* the stylus (touch and quickly lift it) on the Touch Screen. To scroll around a location and move objects in mini-games, *drag* the stylus (touch, hold and then slide it) on the Touch Screen. You can also use the +Control Pad or the A, B, X and Y buttons to scroll around a location.

Three Ways to Play

Amazing Adventures The Forgotten Ruins offers three modes of play:

Find the Forgotten Ruins:

The adventure starts here! Advance through multiple missions of 2 to 5 locations where you search for hidden objects and solve puzzling mini-games. But search thoroughly and be sharp: you must find all the objects and solve the puzzles within an allotted time. Each mission you complete rewards you with a new clue and journal entry, and takes you another step closer to finding the ancient Mayan ruins!

Mini-Game Free Play: Here you can play the mini-games you unlock as you find Jade Masks in Find the Forgotten Ruins mode. The Memory Match mini-game is available immediately.

Unlimited Seek & Solve: As you gather Glyphs in Find the Forgotten Ruins mode, you unlock locations in this mode. Choose an unlocked site on the map, and find every hidden item in that level to complete it!

Playing Find the Forgotten Ruins

TRACKING YOUR ADVENTURE

Time:

In Find the Forgotten Ruins mode, tells you how much time is left to complete the mission. In Unlimited Seek & Solve mode, tells you how long you've spent finding objects in that level.

Score:

How many points you have earned so far.

Jade Masks & Glyphs:

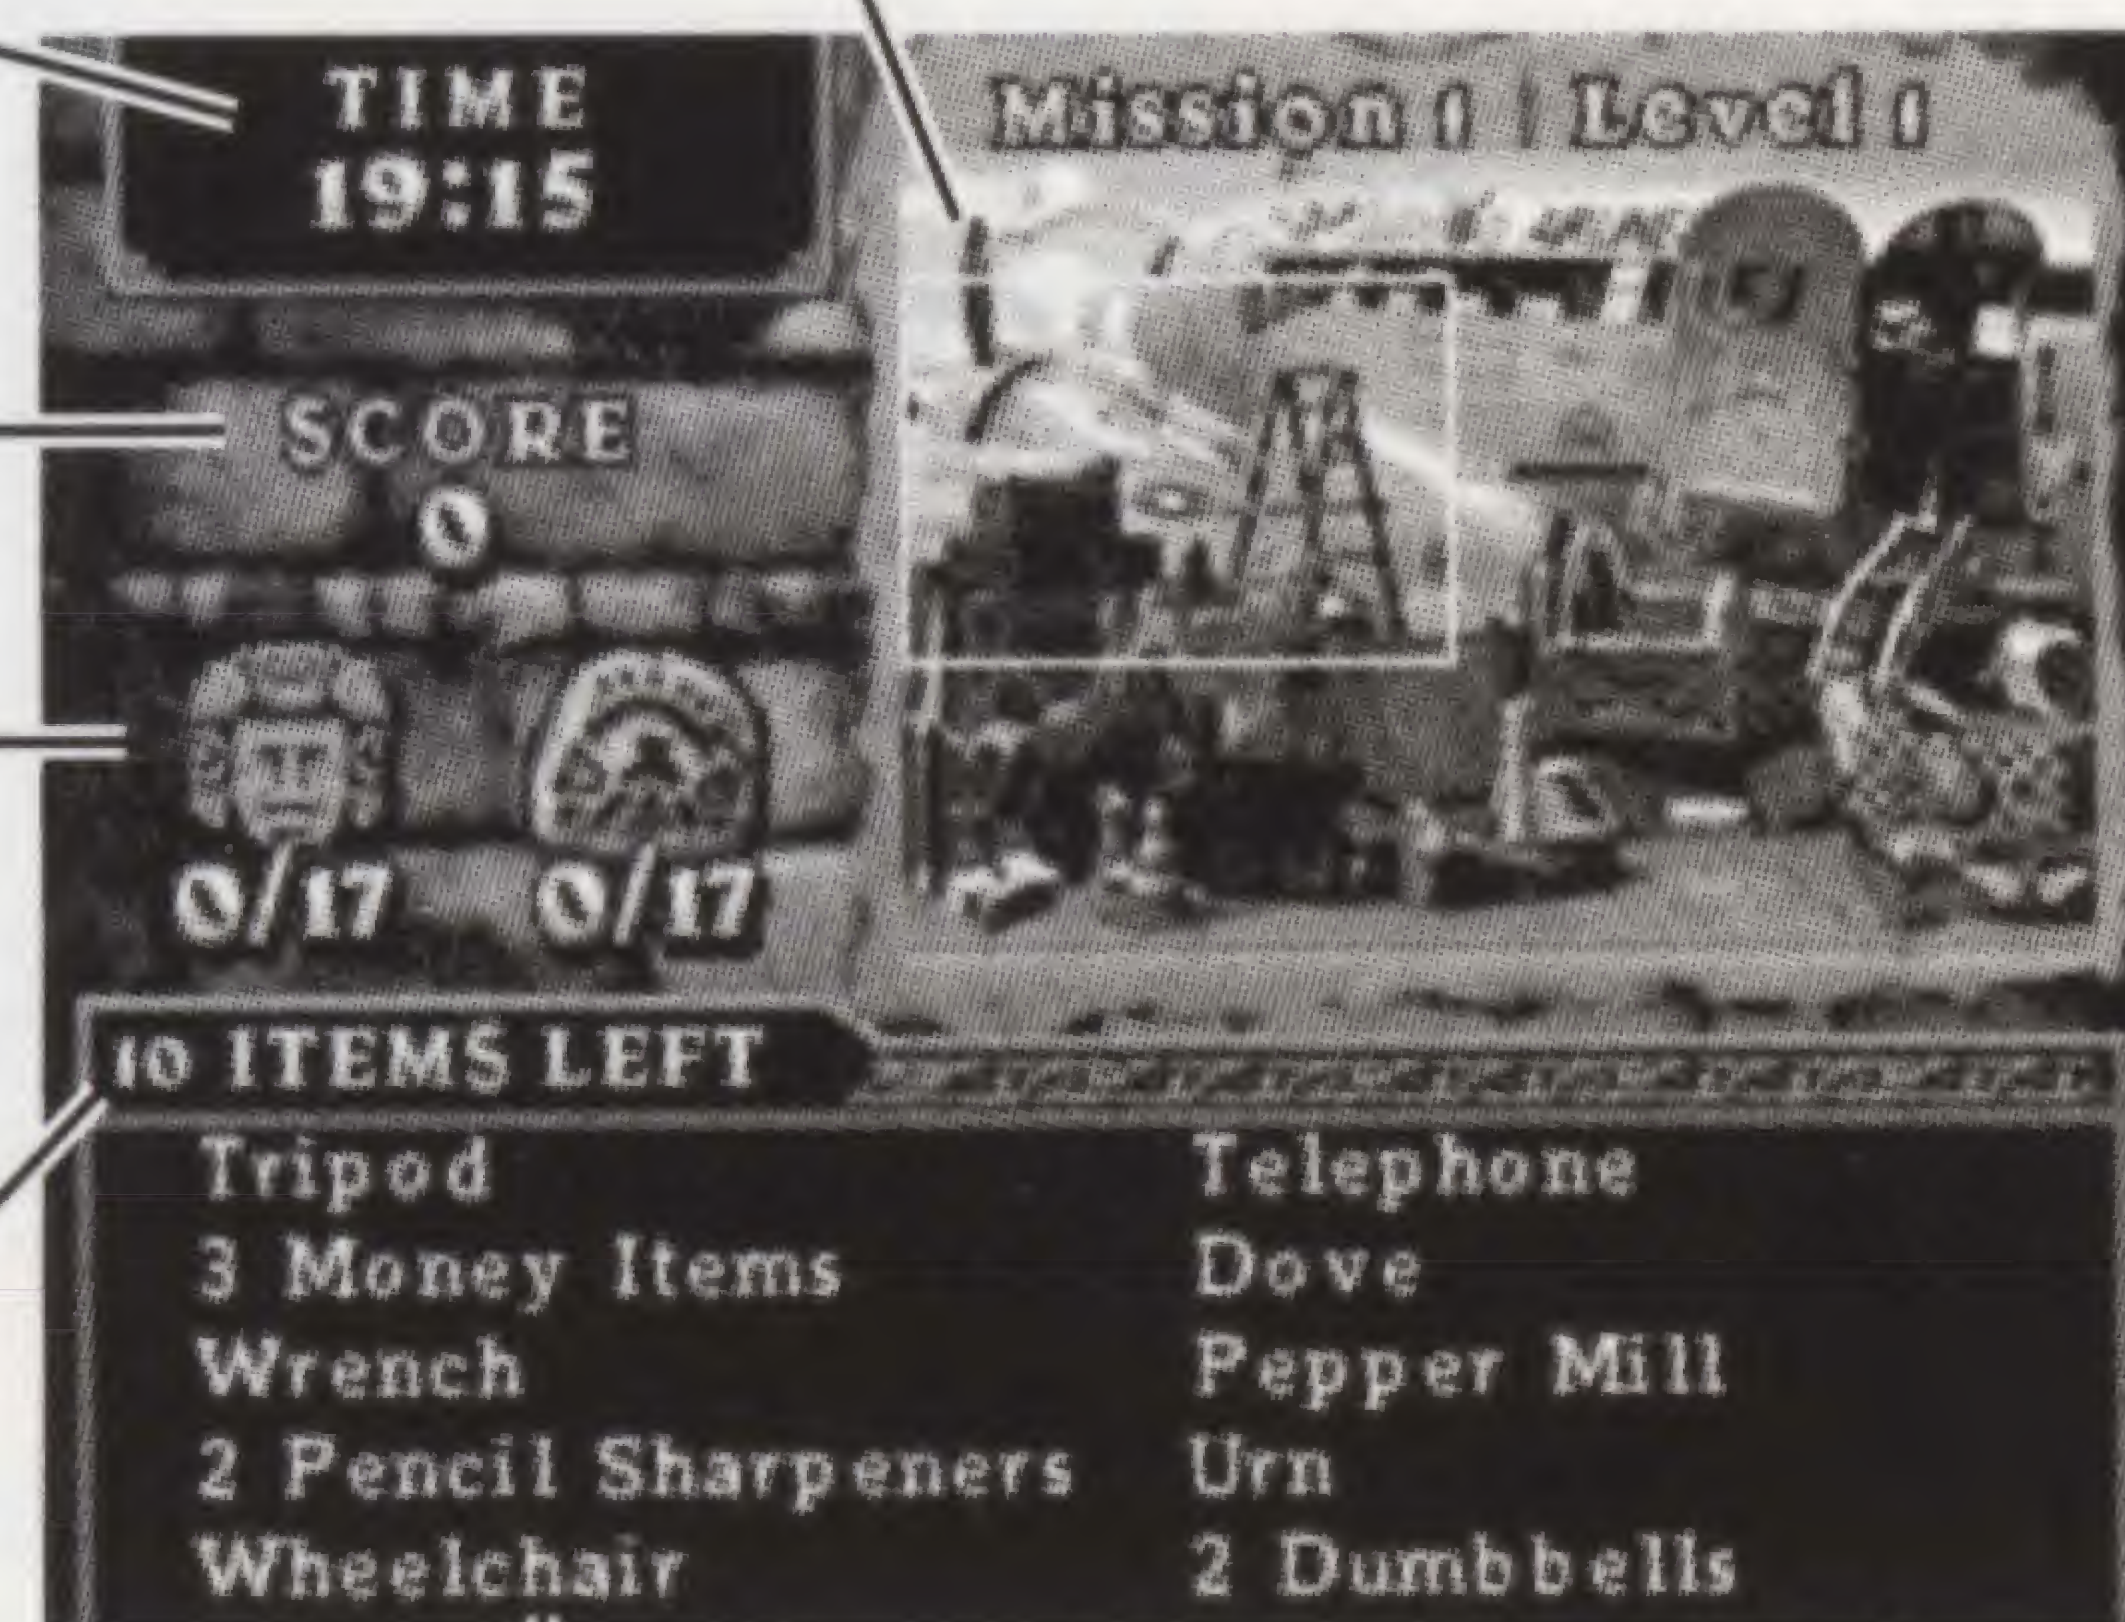

The number of Jade Masks or Glyphs you've found, out of the total number you can find. If an icon is faded, you have not yet found the Jade Mask or Glyph for that location.

Item Count:

How many items are left to find for this level. (Groups of objects are listed as a single item.)

Mini-Map:

An overall view of the entire level. The rectangle shows the part of the image that is zoomed-in on the Touch Screen.

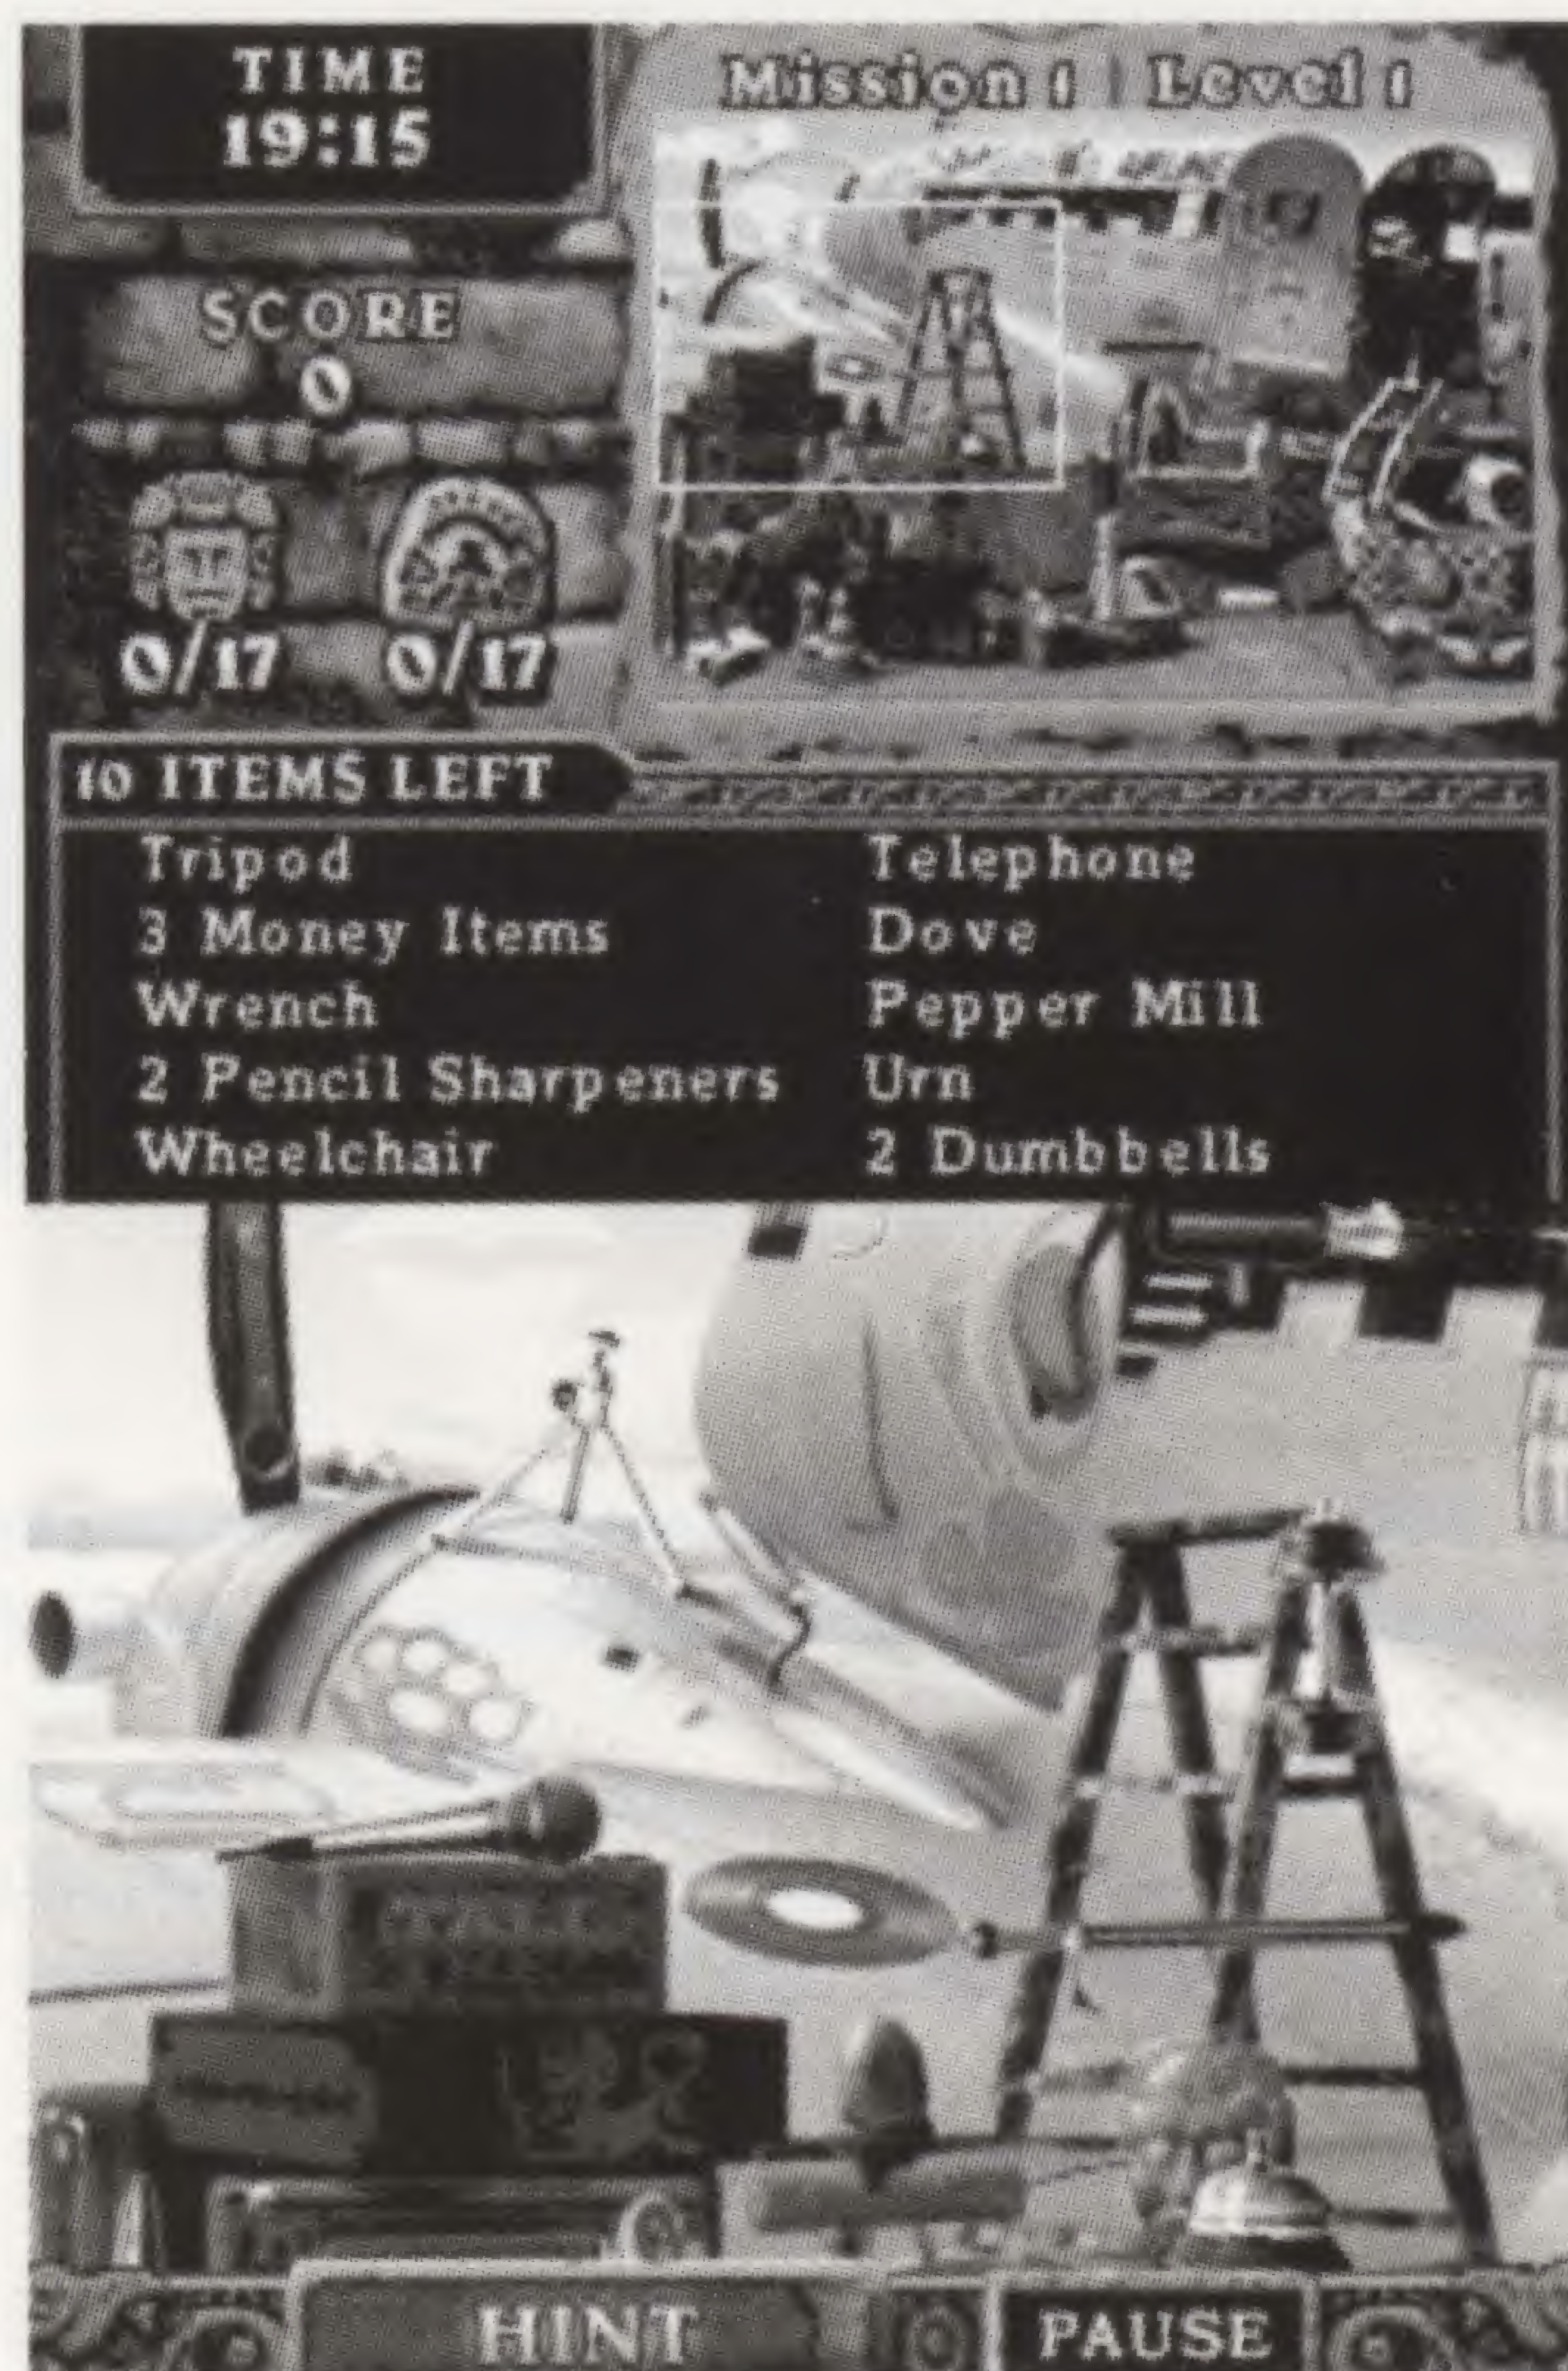

Item List:

The objects you must find on this level.

FINDING ITEMS

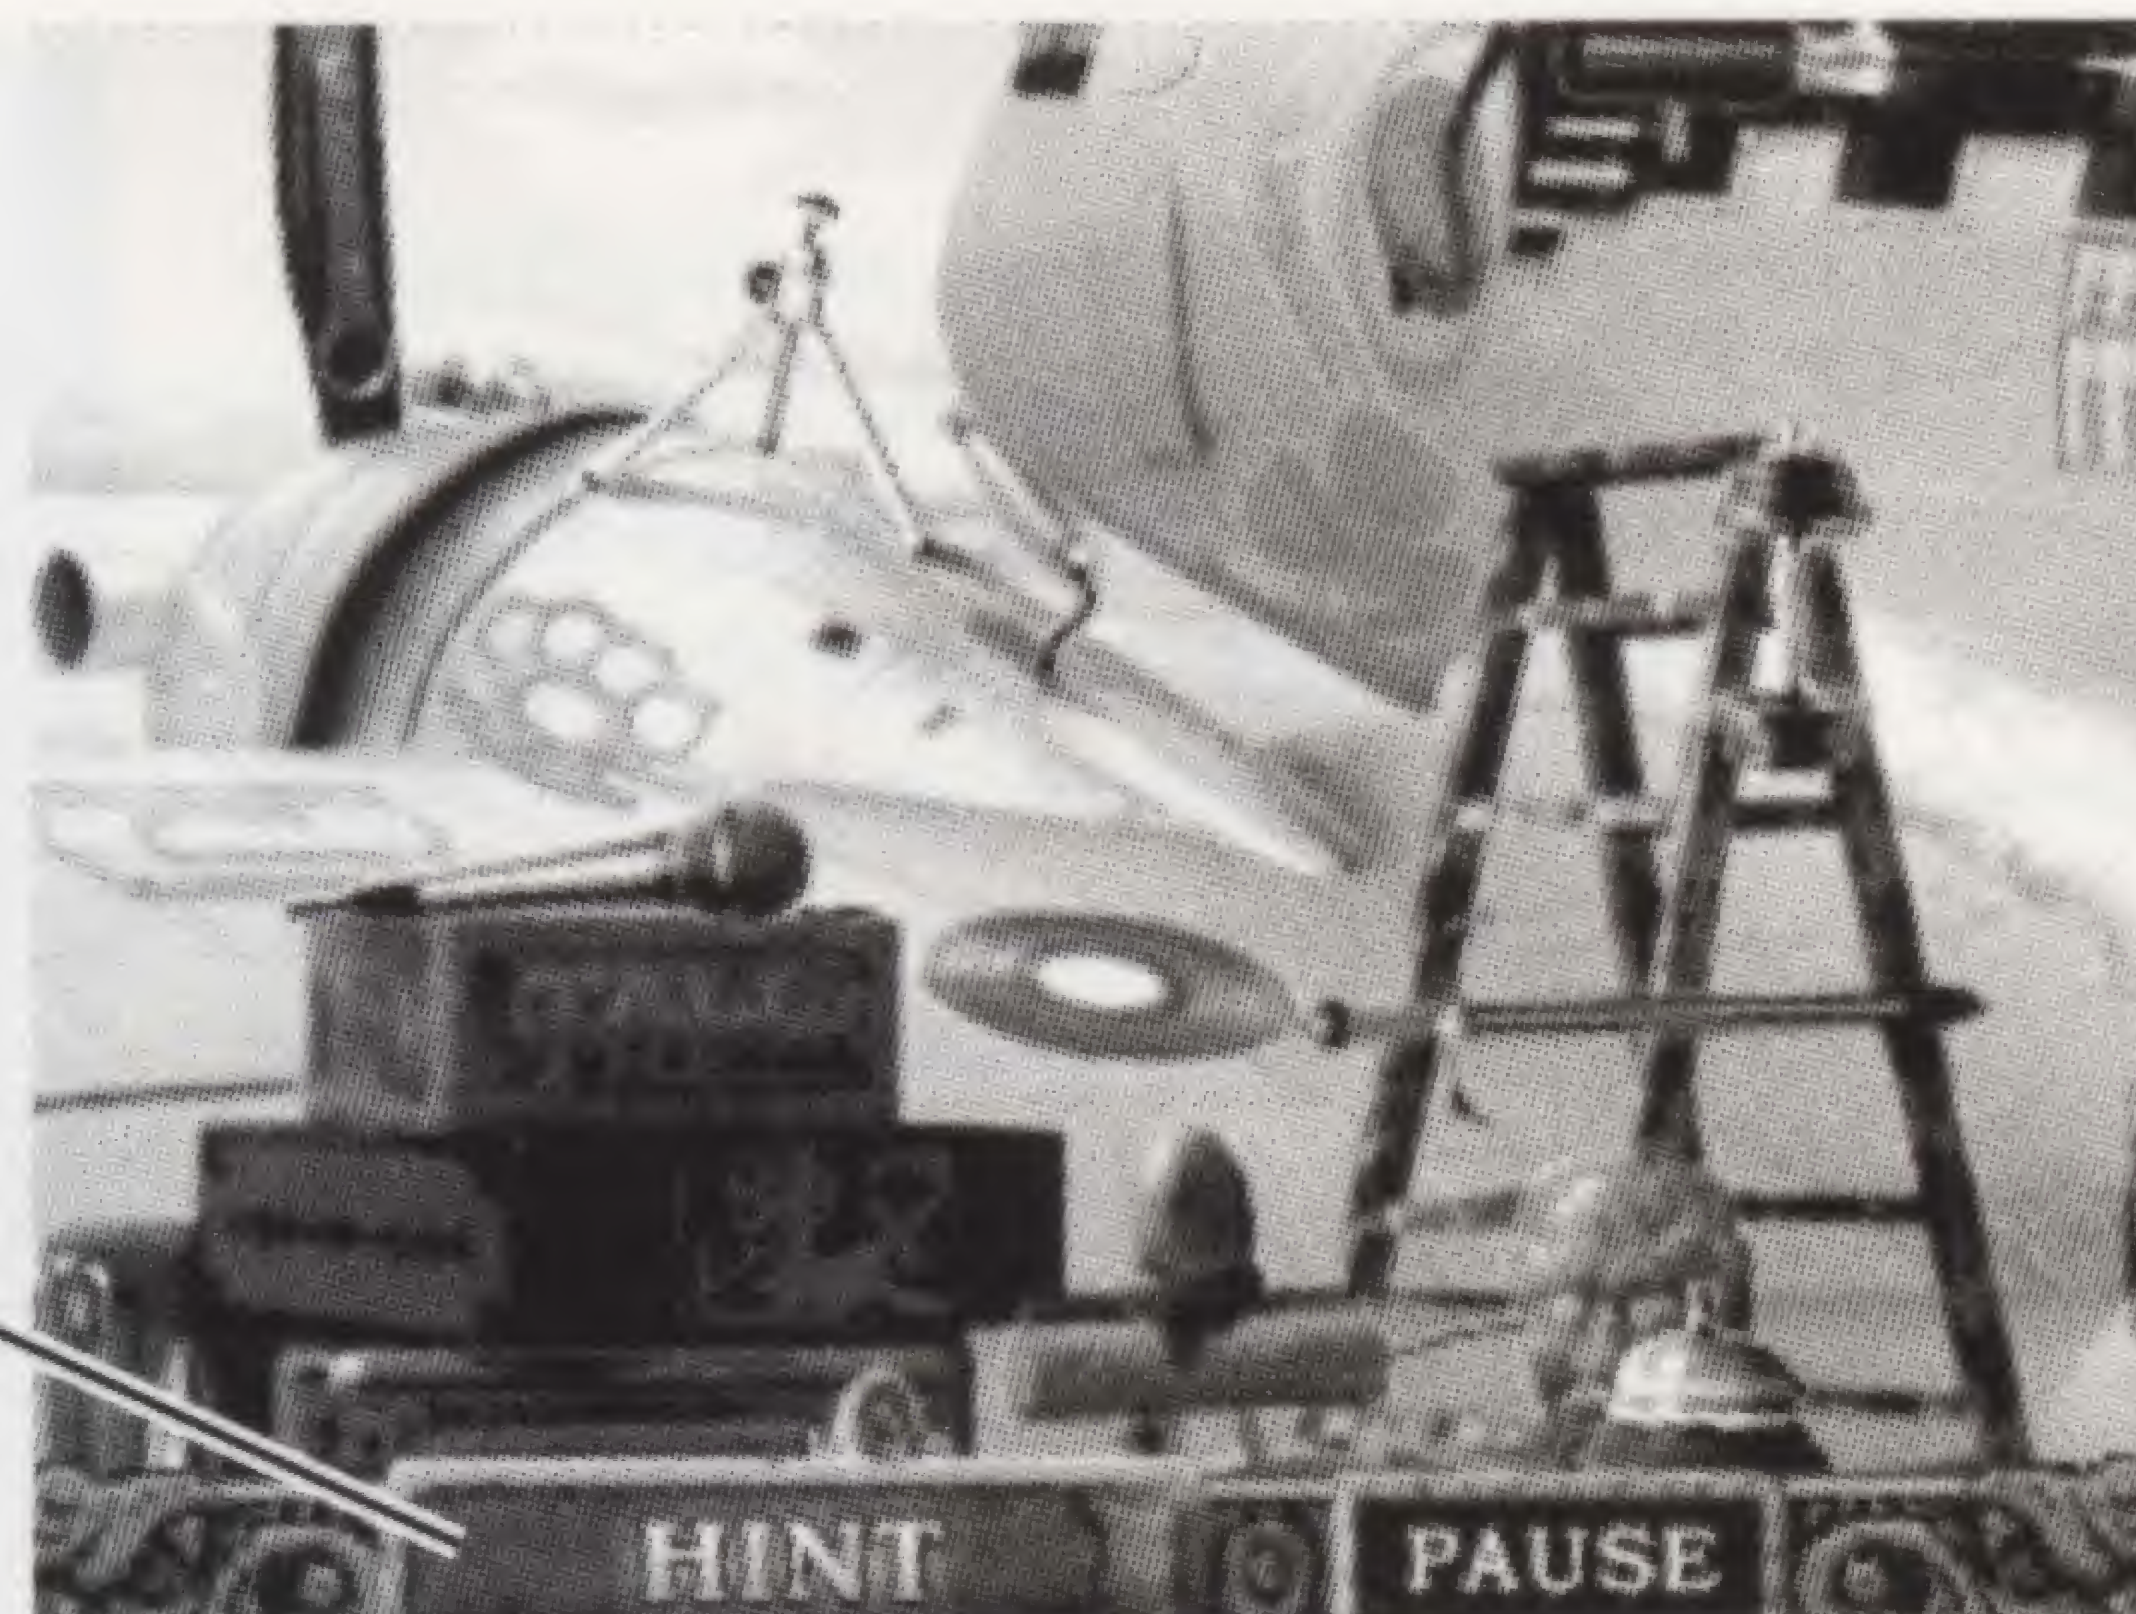

Scroll around the image on the Touch Screen to look for objects that are listed in the Top Screen. When you think you've found one, tap it with the stylus. If you're correct, the object will disappear, and you get points. There is no penalty for being incorrect a few times, but too many incorrect taps in a row will cost you points.

★ **TIP!** Tap quickly. If you hold down the stylus too long, your selection may not register.

USING HINTS

Can't find any objects? Tap HINT to have the game show an area where one of the remaining objects is hidden.

★ **TIP!** Use your hints wisely. You lose points for every hint, and the HINT button takes a little while to “recharge” after use.

SCORING

Scoring points is easy — find objects! For the highest score possible, go for these bonuses:

★ **Speed Bonuses:** Find hidden objects with back-to-back speed. The more hidden objects you find in quick succession, the bigger the bonus. You can also earn Speed Bonuses in mini-games.

★ **Time Bonuses:** Clear a level and its mini-game quickly! The faster you finish, the more bonus points you get.

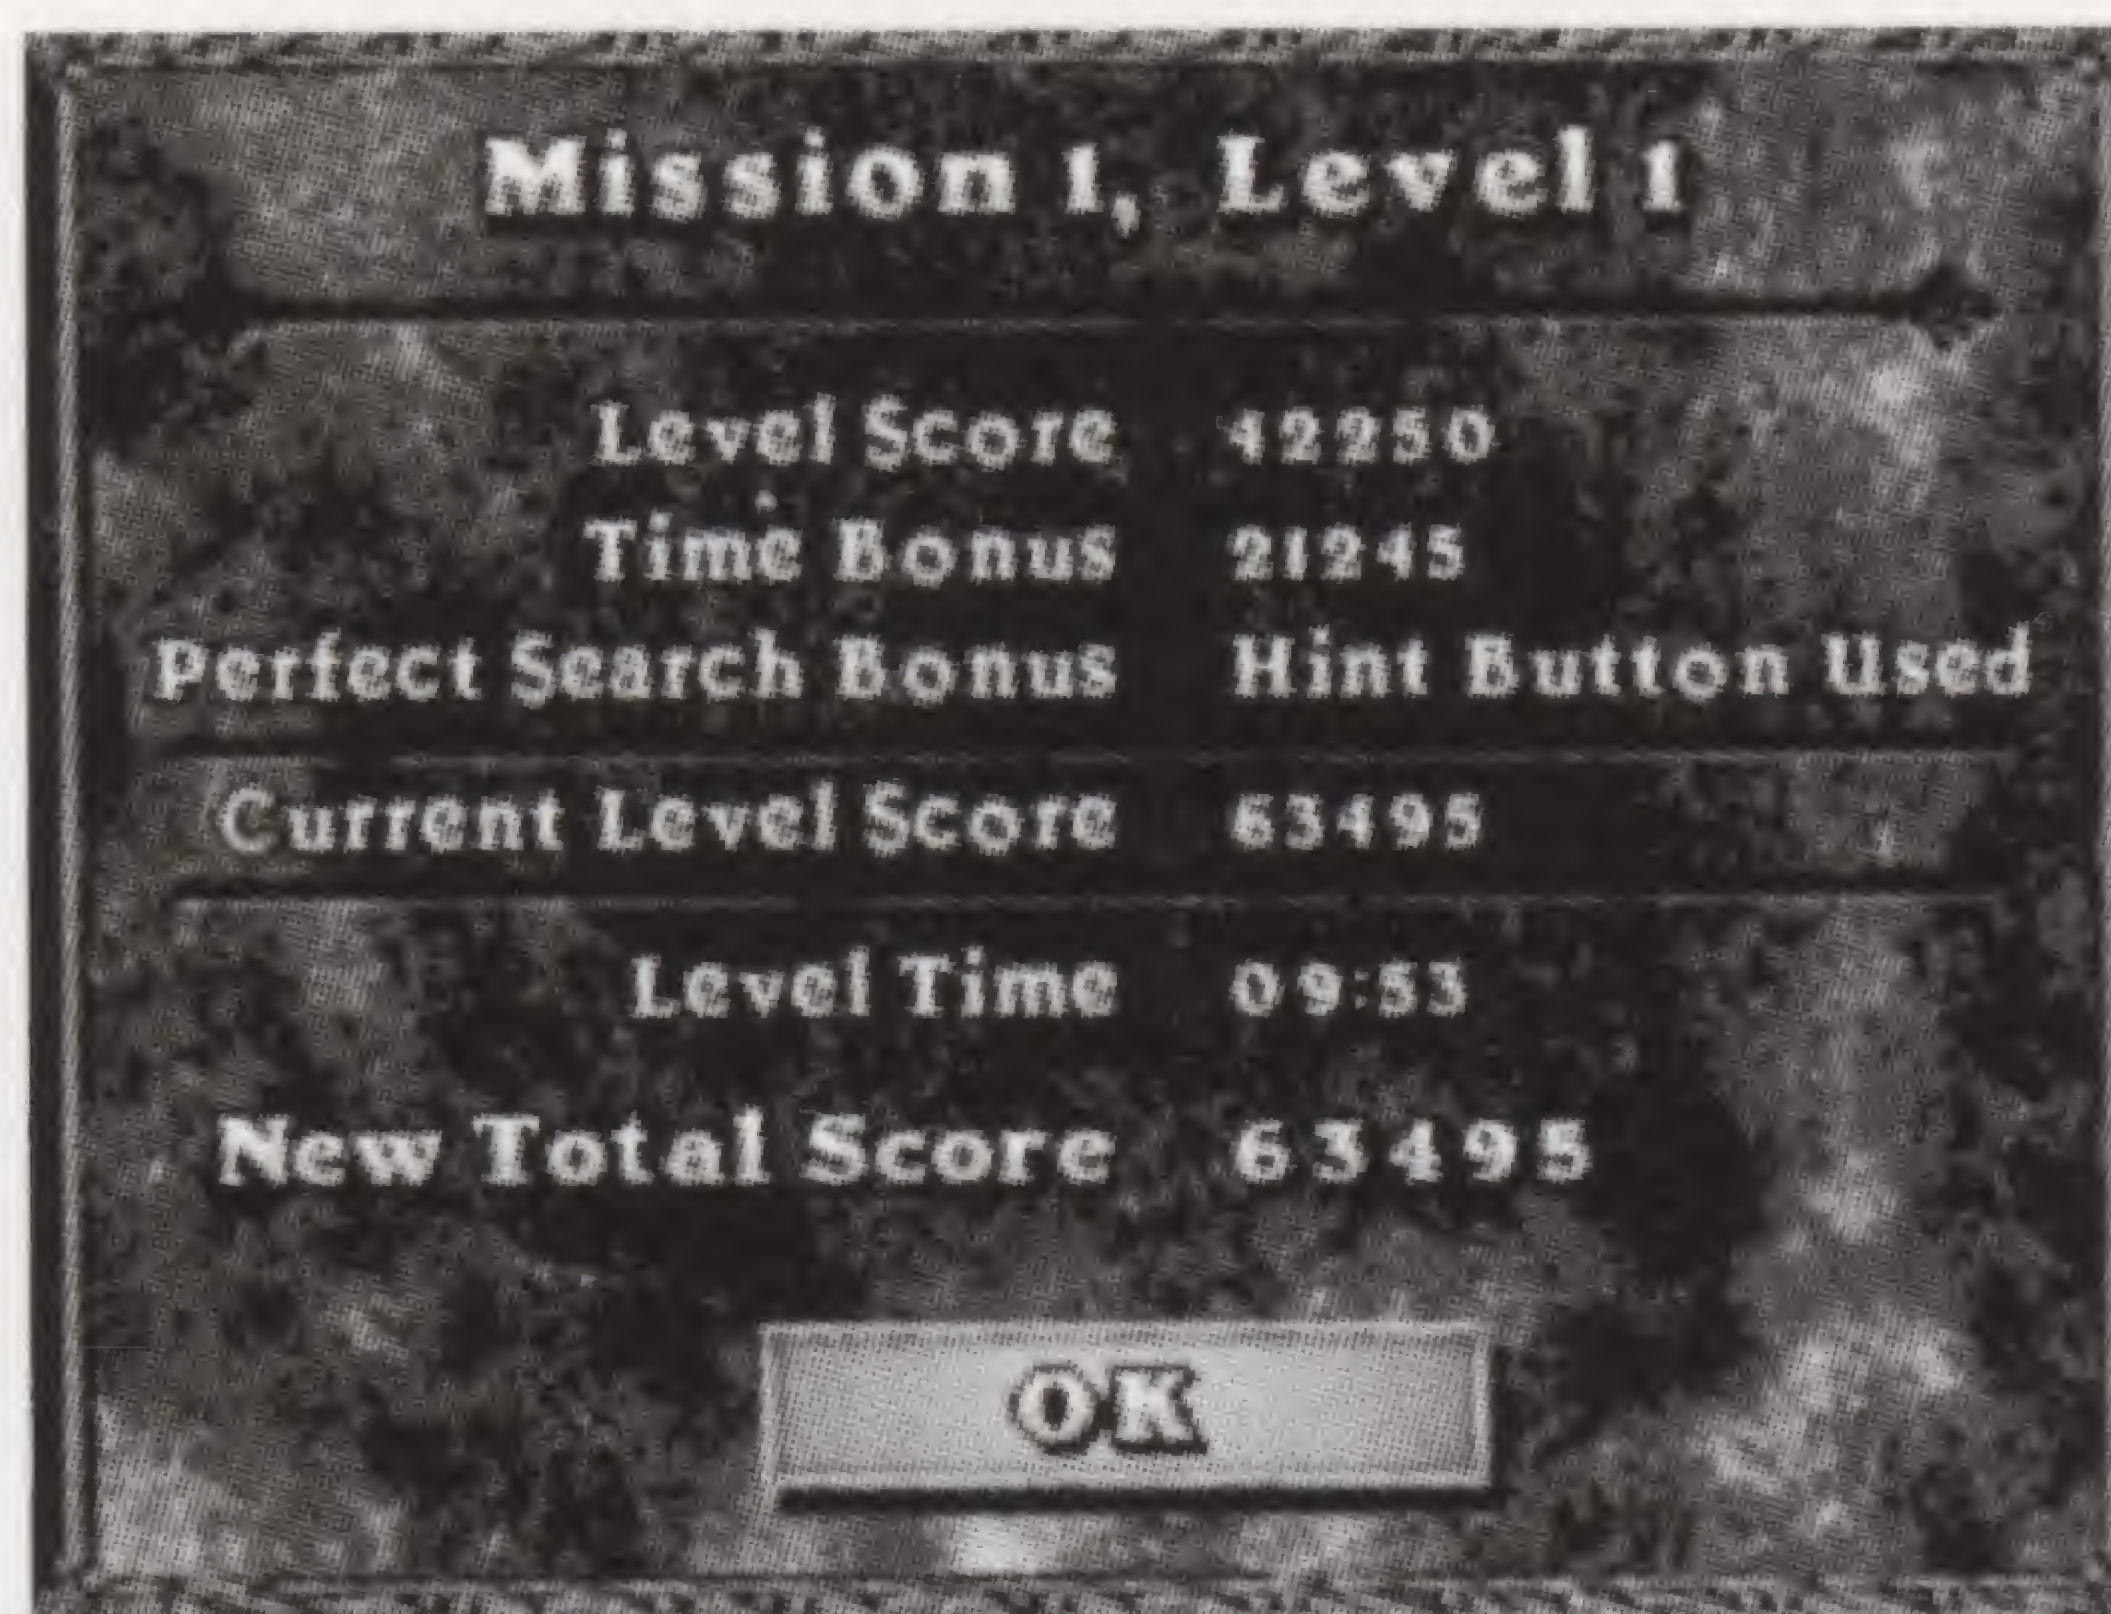

★ **Perfect Search Bonuses:** Find all the objects on a level without using any hints.

Remember, you can also lose points! If you tap the screen too many times within a few seconds (for instance, by making a bunch of wild guesses on objects), you'll receive a **Random Tap Penalty** and lose points! Also, using the HINT button will cost you some points.

.....

★ **TIP!** Earn points to rise through the Adventurer ranks. If you can score 5 million points in Find the Forgotten Ruins mode, you'll attain the Sr. Adventurer rank and unlock an award!

.....

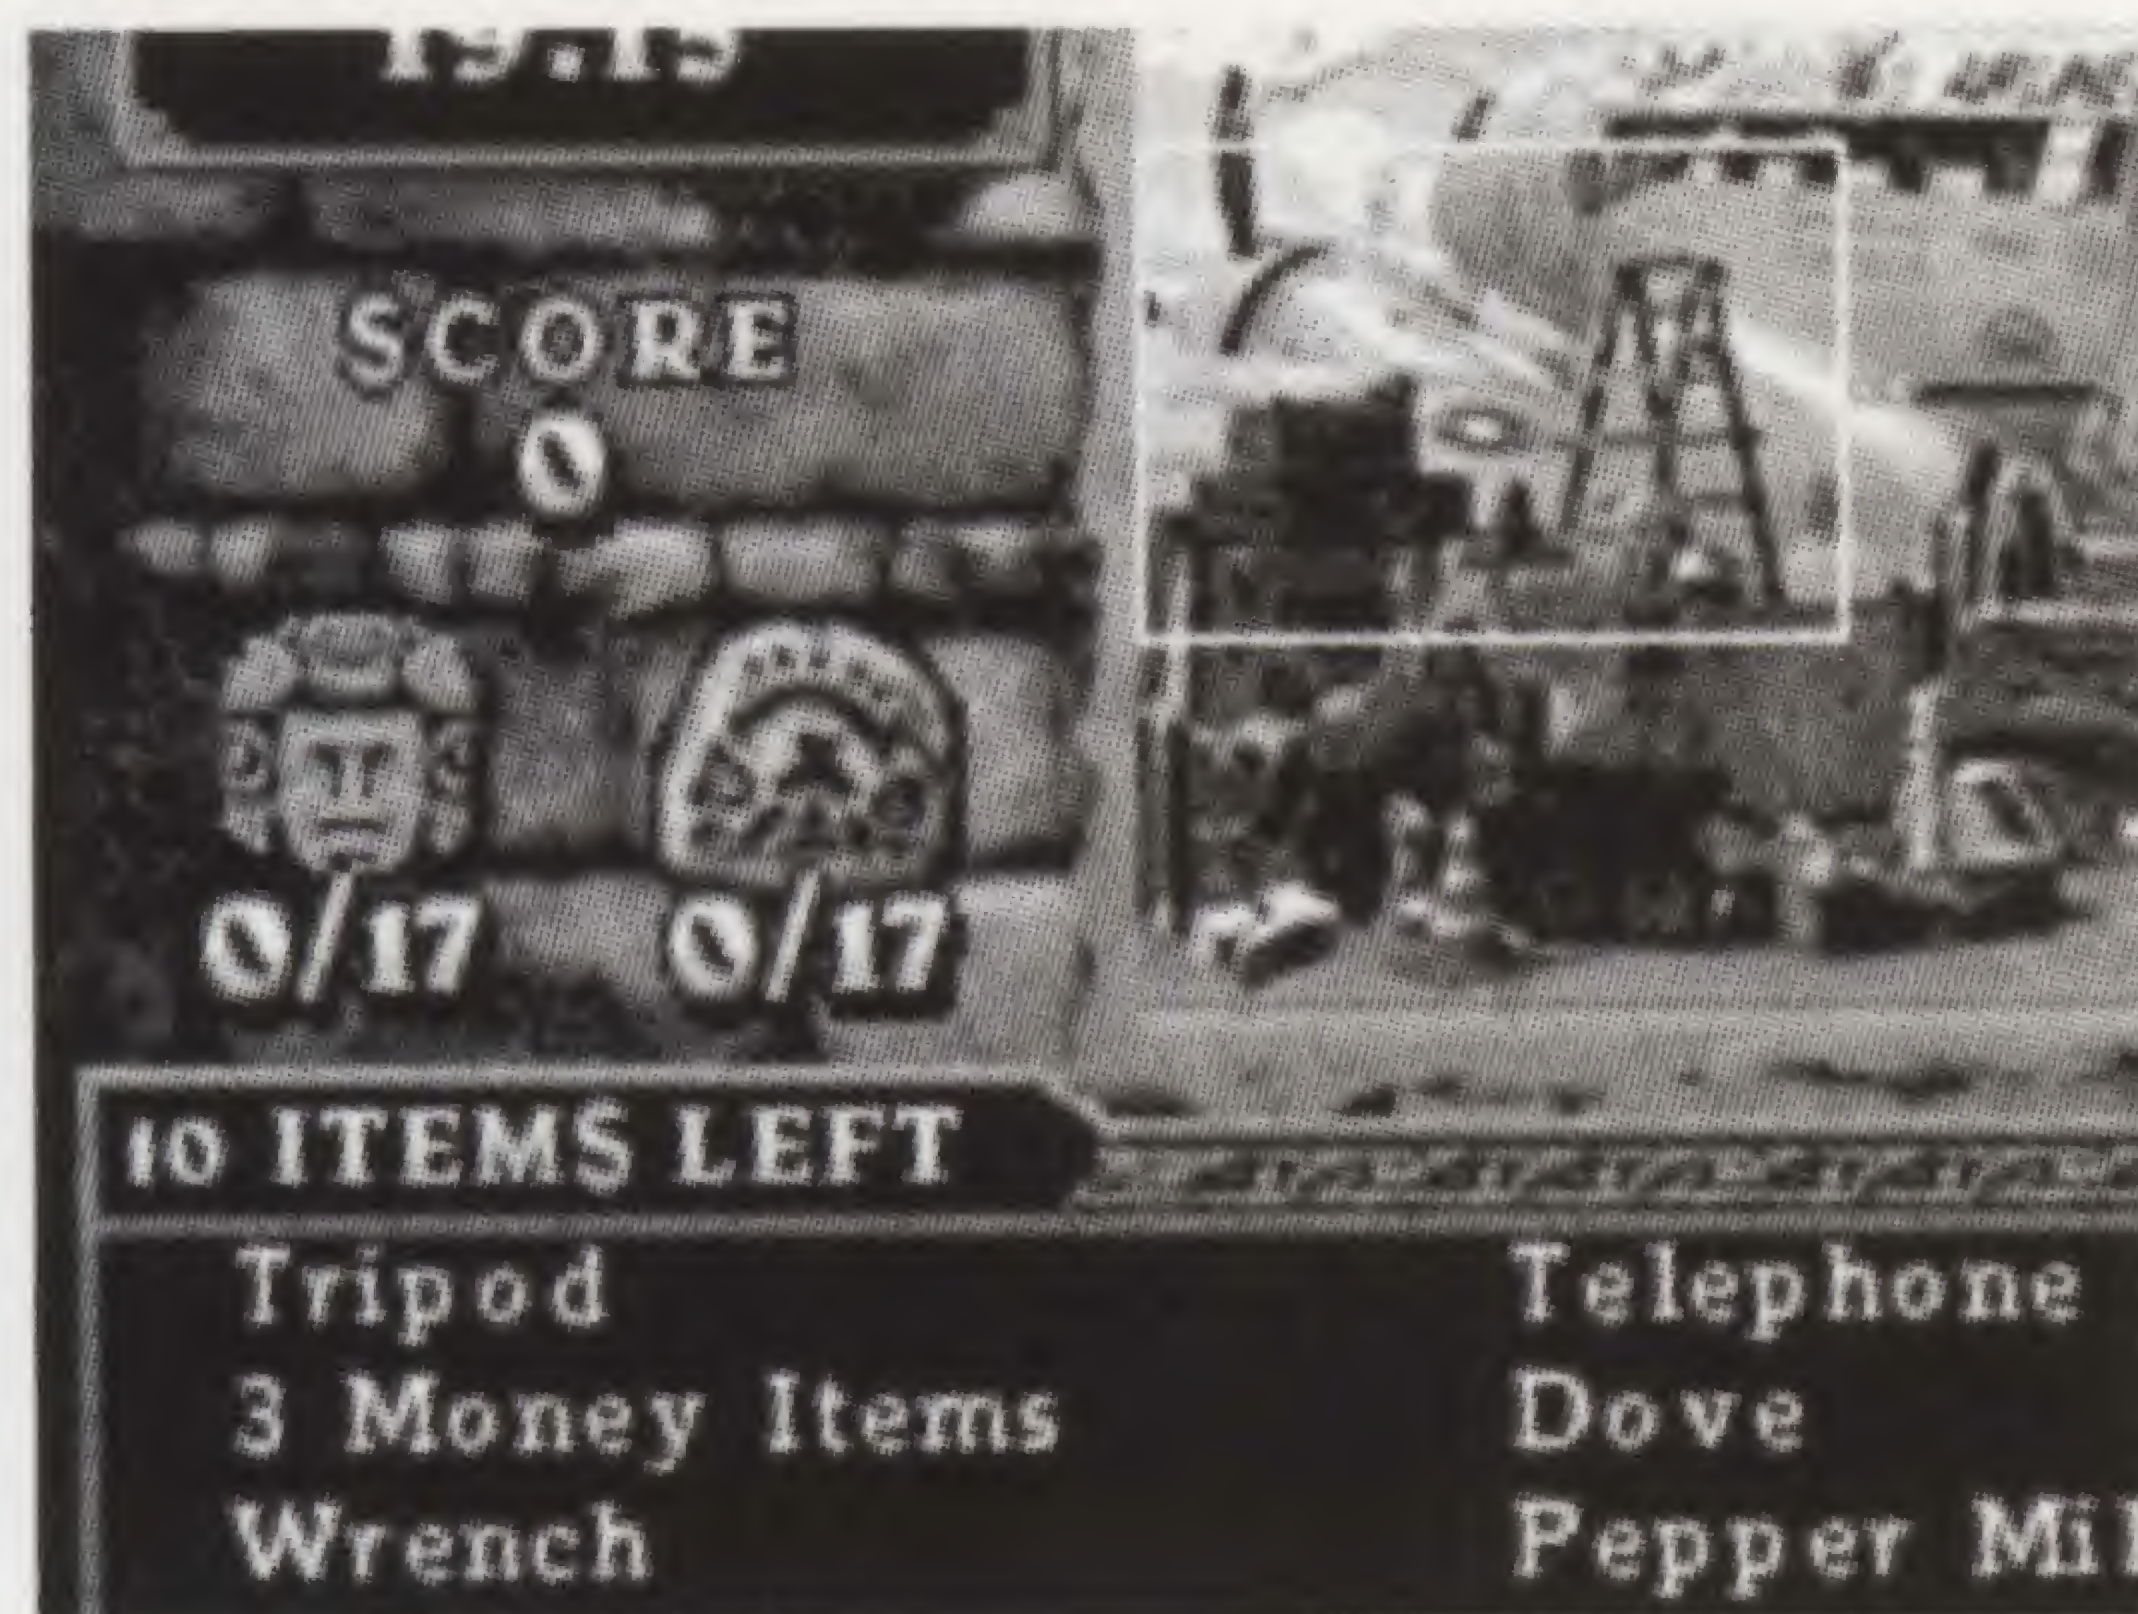

COLLECTING GLYPHS AND JADE MASKS

Every location has two special hidden objects — a Glyph and a Jade Mask. If the Glyph or Jade Mask icon is faded, you haven't found that item in the current location.

- ★ Collecting **Glyphs** unlocks more locations in Unlimited Seek & Solve, where you must find *all* the hidden objects in a location.
- ★ Collecting **Jade Masks** unlocks more games in Mini-Game Free Play, where you can play the games an unlimited number of times.

If you don't find all the Glyphs and Jade Masks the first time, try playing Find the Forgotten Ruins mode again.

-
- ★ **TIP!** Earn awards while you play! Score high points in mini-games, find all Glyphs and Jade Masks, and perform other adventurous feats. To see your awards, tap the More button on the Main Menu, then tap Awards. Can you collect all ten?
-

Playing Mini-Games

You can play five types of mini-games: Memory Match, Tile Swap, Jigsaw Puzzle, Find the Differences, and Mah-Jongg Match.

MEMORY MATCH

In this memory game, you must match tiles two at a time to clear them off the board.

You can play in three modes:

Identical match (the objects on the tiles match exactly; e.g., two cowboy hats); **Similar** match (the objects have something in common; e.g., a cowboy hat and a bike helmet); and **Related** match (the objects somehow go together; e.g., a cowboy hat and a horse).

To play, tap a tile to turn it over, then tap another tile. If the two tiles meet the matching requirements, they disappear. Otherwise, they flip back over. Clear all the tiles to win.

TILE SWAP

In this puzzle game, a picture is made up of several tiles, but the tiles are not in their correct places.

To play, tap a tile to highlight it, then tap another tile. The two tiles will switch places. When a tile is swapped into its correct position, it will lock into place. Correctly position all the tiles to win.

JIGSAW PUZZLE

Here, you must properly rotate and assemble puzzle pieces to create a picture. The puzzle pieces are in a column at the left of the Touch Screen. Tap the up and down arrows to scroll through them all.

To play, drag a puzzle piece from the left onto the picture at the right, placing the piece where you think it belongs. (You can also drag the piece away from the picture and put it back with the others.)

To rotate a selected piece left or right, respectively, either:

- ★ Press the L or R Button
- ★ Press the A or Y Button
- ★ Press Left or Right on the +Control Pad
- ★ Tap the arrows in the lower-left corner of the Touch Screen

When a piece is in the correct position and orientation, it locks into place. Assemble the full picture to win.

FIND THE DIFFERENCES

In this variation of a seek-and-solve game, you must spot the differences between two similar pictures.

To play, examine the two screens and tap any object on the Touch Screen that is missing from the Top Screen. If you're correct, the object you tapped will disappear. To win the game, remove all the objects that differ between the two screens, making both images the same.

.....

★ **TIP!** This game is like the standard **Seek & Solve** mode, so you can still use the **HINT** button, receive **Speed Bonuses**, and trigger the **Random Tap Penalty**.

.....

MAH-JONGG MATCH

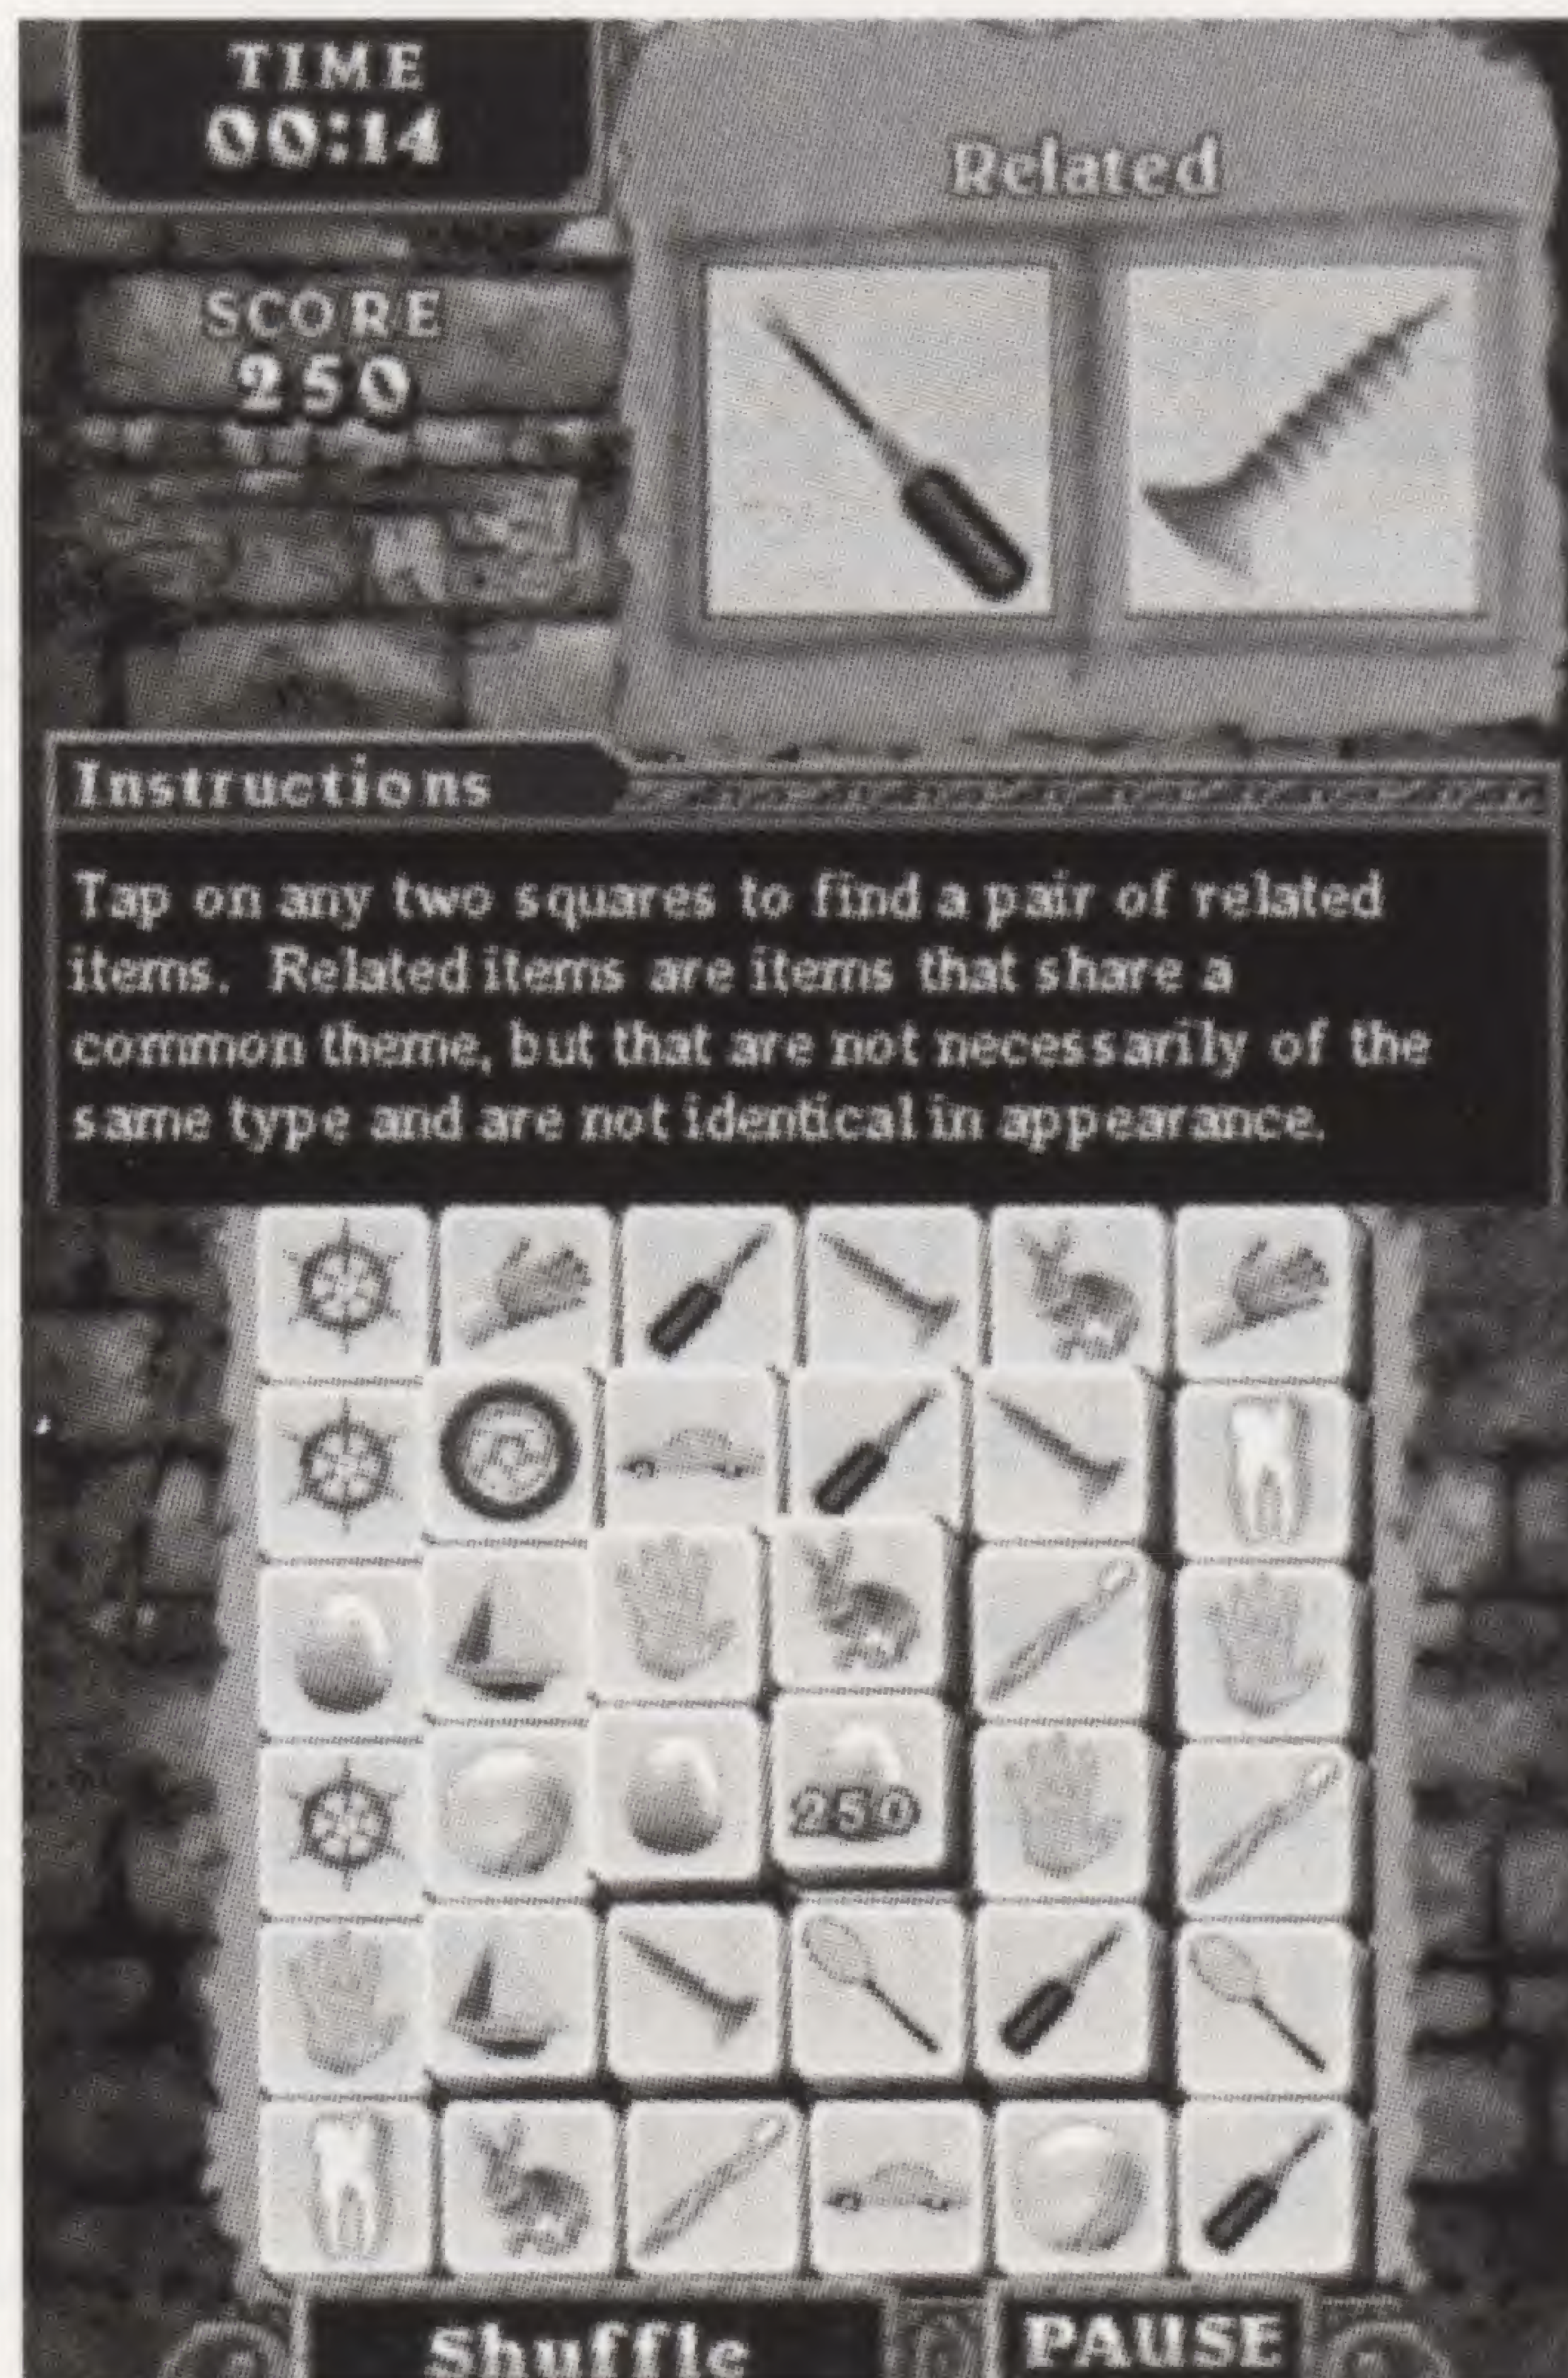

Get to the bottom of the mah-jongg board by matching and removing tiles. A tile can be matched only if it is “open” — that is, it has no tile on top of it, and at least one side is not touching another tile.

You can play in three modes:

Identical match (the objects on the tiles match exactly; e.g., two cowboy hats); **Similar** match (the objects have something in common; e.g., a cowboy hat and a bike helmet); and **Related** match (the objects somehow go together; e.g., a cowboy hat and a horse).

To play, tap an open tile, then tap another open tile that matches it. If the match is correct and both tiles are indeed open, the tiles disappear, and neighboring tiles are freed up for play. Remove all the tiles to win.

★ **TIP!** If you can't find a match, tap the **Shuffle** button to rearrange the tiles.
